By signing below you are agreeing to the notes above and to the following four points applicable to all students adding or changing programs:

- (1) The Graduate School has permission to release information related to your original admission application to the department housing the new program for its review and approval. You may also be asked by the new program to supply additional information such as writing samples, questionnaires, letters of intent, etc.
- (2) No change will be approved by the Graduate School without a positive recommendation from the program director and chair of the new program.
- (3) Changing to a new program will result in termination from your current program.
- (4) Changing to or adding a new program does NOT restart the time-to-degree clock. You will be required to complete the new program within 7 calendar years of your original admission.
